

CIÊNCIA VIVA

- Promoting scientific culture since 1996
- A network of 20 science centres across the country
- Partnerships with scientific laboratories, universities, municipalities

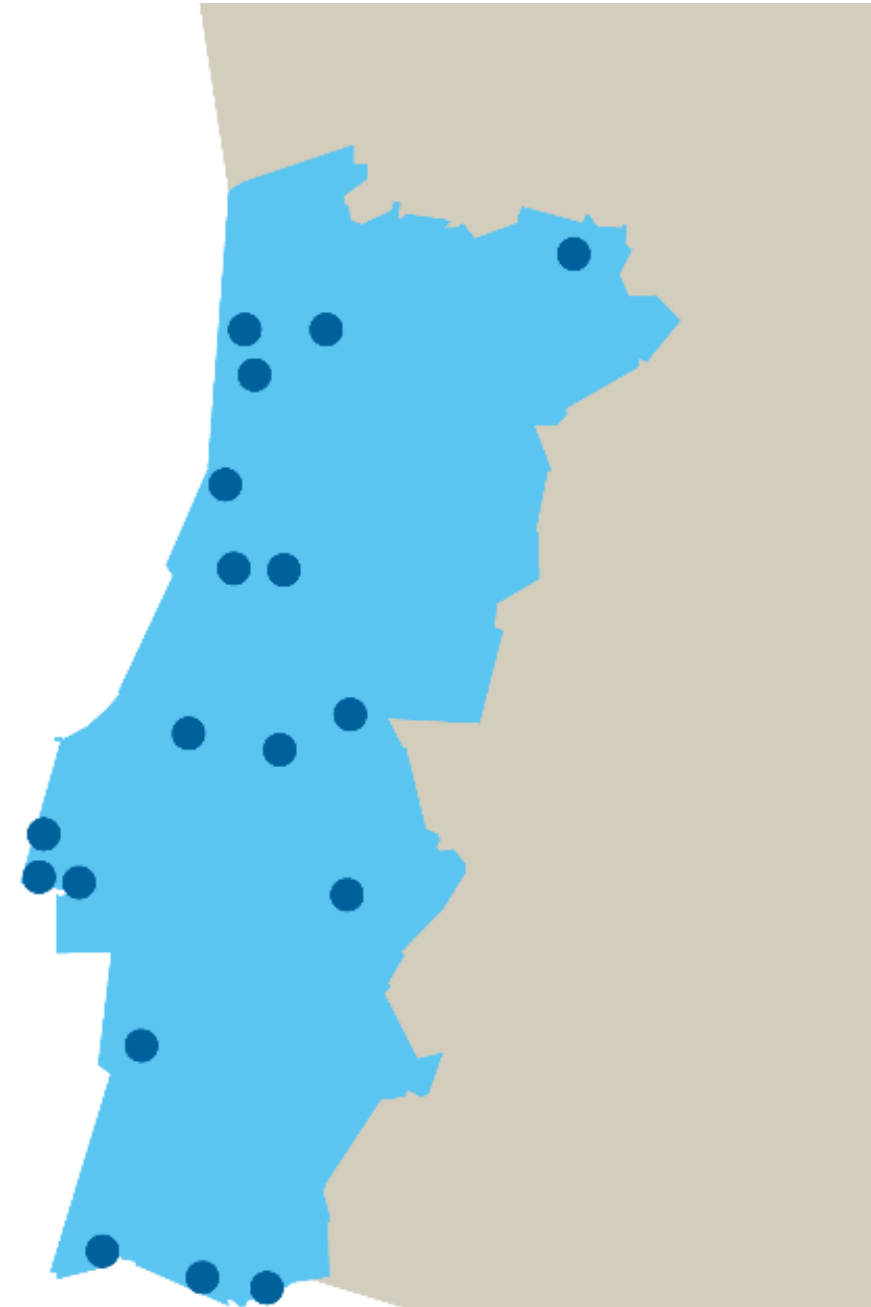

A NATIONAL NETWORK OF SCIENCE CENTRES

Partnership with Tertiary
Education institutions,
research laboratories,
local councils,
companies

REDE DE CENTROS

CIÊNCIA VIVA

Literacy for a citizenship of the ocean

Understanding the influence of the ocean in our lives and OUR influence on the ocean.

Understand the importance of the ocean to humankind

Be able to **communicate** about the ocean in a meaningful way

Be able to take **informed and responsible decisions** about the ocean and its resources and services

Social Innovation, mobilisation of different stakeholders

All activities and resources based on consultations with stakeholders

Meet stakeholders, discuss their needs and barriers to overcome

Educators, science centres, social network campaigns decision makers

Resources

- [Videos](#)
- [Ocean EDGE Directory](#) (European Database of Good Examples in Marine Education and Outreach)
- Teacher development - Massive Open Online Course (MOOC)
- An European concept of Blue School
- On-line Seminars
- [A Toolkit](#) to organize outreach activities for the World Ocean Day
- An infographic for Magellan anniversary: history of the ocean

A person's hands are visible, holding a white sign with a curved top edge. The sign features the text "We need YOU!" in a dark blue, sans-serif font. The background is a bright blue sky with scattered white clouds. The lighting is bright, suggesting a sunny day.

We need
YOU!

What do you get as a return value?

- Impact value for your project (BLUE GROWTH)
- Media attention
- Soft skills
- Future colleagues!

How?

CommOCEAN

Are you a **marine scientist** that would like to be speed-trained by experts in the skills of modern ocean science communication?

Or, trained as a **communicator**, and hired by a marine institute, a governmental body or a NGO, are you curious about learning the best of blue science?

Hands-on exercises in current science communication skills
expertise-sharing,
social interaction and fascinating **marine science**

And/or... Learn by doing

- Partner with aquaria, museums, NGOs...
- Team up with teachers and other educators
- **JOIN the Ocean Literacy team!**

OUR SHARED RESOURCE
MAKING THE VISION REALITY

Ocean Literacy for All : Sustaining SDG 14 Goals Through Ocean Science Education and Ocean Literacy

June 6
5 - 6:30 PM
ROOM CRA

The focus of the *Ocean Literacy for ALL* Side Event is to further develop a global partnership to raise awareness on conservation and sustainable use of our ocean and its resources to bring about positive change in peoples' attitudes about our global ocean.

THE
OCEAN
CONFERENCE
UNITED NATIONS, NEW YORK, 5-9 JUNE 2017
